

# 2018 Mustang Youth Football Camp

## PHILOSOPHY

As we begin this new era of Mustang football, I find it vitally important that we continue to build upon the good things happening within our youth football program. I cannot stress enough the importance of learning both the skills and terminology that we use at the high school level within our youth program. Of course, the younger players are not expected to grasp the entirety of what they high school program does. However, if all the stakeholders involved with our students from elementary to high school desire for this to be the best and most complete program it can be, we all must be on the same page! Our players must grow up within the systems that our high school staff is implementing so that we can do what is best for the program as a whole; putting our kids in the best position to learn the game and achieve success on the field.

-Coach Houchin

**WHO:** Any students in grades 3-6 (Fall of 2018)

**WHEN:** July 30th - 31st - 8-10 AM

**WHAT:** Installing the program's most basic culture offensive and defensive schemes and teaching the skills and techniques required to execute our schemes.

**WHY:** Having a unified approach and philosophy is one of the most important things that a program can do to be successful. We must build a strong youth program that aligns with the systems the high school program is currently implementing.

**HOW:** Individual, Group, and Team Instruction from the high school staff with assistance from the Youth Football Staff. Players will learn the basic terminology for our culture as a program and the basic structure and execution of our schemes.
